### Contracts Awarded For The Improvements To Three Bidders And Work Will Begin At Once And Be Rushed To A Finish.

The City Council in accordance with  
their advertisement, met on Tuesday  
night to open the bids for the proposed  
improvements to the local water works  
system. At least a dozen bids were  
received for the different parts of the  
work and several representatives were  
present to press the claims of the re-  
spective bidders. After careful con-  
sideration and going over the various  
bids with the supervising engineer Mr.  
C. N. Crawford Jr. of Lexington Ky.,  
the contracts were let to three different  
firms for the various parts of the work.  
The Tank contract was awarded to the  
Chicago Bridge & Iron Co. of Chicago  
Ills. at \$5110. The tank is to be erect-  
ed on a latticed iron stand 140 feet in  
height, is to be modern in every re-  
spect and is to have a capacity of  
1000,000 gallons per day. The Filter  
contract was awarded to the Greer  
Filter Co. of Pittsburgh Pa. for \$2250.  
The filter is to be of the gravity type,  
the best filter known to modern science  
with a capacity of 100,000 gallons per  
day and the water guaranteed 98 per  
cent pure. The work on the dam, a  
five foot increase in height was award-  
ed to Mr. J. A. Moynahan of Richmond  
Ky. Mr. Moynahan submitted two  
bids for \$2900. and \$2600. respectively,  
and the Council has not yet decided,  
just which proposition they will accept.

All of the contractors are to give  
good bonds for the faithful and proper  
completion of their work, and the work  
is to begin at once, and with the ex-  
ception of the tank will be completed  
before the first of the year.

The City Council will be able to do  
the work contemplated in the improve-  
ment of the water plant with the \$12-  
000. voted for the purpose, and will  
have a little money left.

### City Notice.

Taxes are due. Come in and pay  
them promptly and avoid the penalty  
which goes on in a short time. Water  
rates will also soon be due and must be  
paid promptly. Have your money  
ready. The improvements to the  
streets, the expense of keeping them  
up and the general running expenses of  
the town takes money just the same as  
it takes money to run your business.  
We have taken advantage of the low  
price of coal prevalent early in the  
season and purchased a sufficient supply  
to run the water plant through the  
winter. This coal must be paid for.  
My office is now at the shop of Judge  
E. W. Harris. Call there and settle  
your water rate and taxes promptly.  
If I am not there Judge Harris will  
issue a receipt. L. E. Herron, 10-6-3t.
